

# We are your UNITEHERE Local 634 negotiating committee.

Negotiations with the School District for our new contract began May 28<sup>th</sup>, and will continue over the summer. Please contact us or your union shop steward for a workplace survey. Make your voice heard.

Some issues we are raising in negotiations based on our workplace surveys are:

- benefits based on hours worked, not job classification
- restoration of optional 12-month pay
- adequate training for all Local 634 members, including noon-time aides
- economic and benefit improvements
